DETAILED ACTION

Election/Restrictions

1. Claims 14-36 and 40-101 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected method, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 2/16/2005.
2. Applicant's election with traverse of claims 1-13 and 37-39 in the reply filed on 2/16/2005 is acknowledged. The traversal is on the ground(s) that the search would not be burdensome. This is not found persuasive because the search for the method of making is not required for the structure of the device.

The requirement is still deemed proper and is therefore made FINAL.

Specification

3. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.
4. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

5. Claims 1-13 and 37-39 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record neither shows nor suggest an organic display device comprised of, in part, the conductive organic thin film comprises an organic

molecular group comprising organic molecules each having a light-responsive group and has a conductive network in which the organic molecules making up the organic molecular group are bonded to one another by conjugated bonds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. This application is in condition for allowance except for the following formal matters:

Please refer the above Action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
